## Improving Access to Perinatal Care:

Confronting Disparities and Inequities  
in Maternal-Infant Health

**APRIL 3-5, 2019** in RHODE ISLAND  
RENAISSANCE PROVIDENCE DOWNTOWN HOTEL

**EVERY PATIENT** needs evidence-based care that helps them reach their personal health goals regardless of their class, race, status, or insurance provider. This includes access to specialized care to address their unique health care needs.

**EVERY BABY** deserves the best possible start in life. We minimize health inequities and class disparities when we invest in smart, timely health care services. We help children thrive when we support early childhood development programs.

**EVERYWHERE** As we confront increasing maternal-infant mortality rates we need to recognize growing geographic disparities. We are committed to the principle that patients should have access to the care they need in their own communities.
