

FREE SEMINAR

ON PERINATAL MOOD AND
ANXIETY DISORDERS (PMADS)

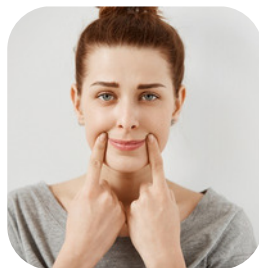

Educate. Advocate. Integrate.

Making the Connection: Building a Network for Reliable Support

with Birdie Gunyon Meyer, RN, MA

Caring for Ourselves: Supporting Mental Health of Providers

with Cheryl Milford, EdS

Thursday, March 9th 8:30 to 11:30 am

Join us for this important discussions and learn:

- how and when to screen for perinatal mood and anxiety disorders
- the complex etiology of depression, anxiety, panic disorder, OCD, PTSD, and psychosis
- about reliable, evidence-based programs and resources
- how to address clients' risk factors while promoting their strengths.
- how caregivers can acknowledge and address their own mental healthcare needs.

This seminar is designed for clinicians, social workers, students, therapists, perinatal caregivers, community-based service providers, and families.

This free seminar is sponsored by the

[Family Advocacy Network](#) of the [National Perinatal Association](#)

3 CEUs, CMEs, or LCSWs can be acquired for a \$20 fee through our joint provider, PacLac.
